

Join the DEM Wetlands & Water Programs at the Home Show

March 2-6, 2005 @ RI Convention Center

Please join the Wetlands Program again this year at the Home Show. Our wetlands staff will be present to answer questions and provide materials to take home. Informational handouts from a variety of other DEM programs will be available as well.

This is an opportunity for you to gain a better understanding of the program, meet the staff, and ask questions in person. Come learn more about wetlands and why they are important to Rhode Island.

- A 5-day show that attracts over 30,000 each year.
- Wetlands staff will be able to answer questions on the permitting process.
- Other staff from ISDS and the Office of Water will be available for part of the event.
- Literature available on the wetland permitting process, wetland protection and education.
- Handouts from many other DEM offices.
- Pens, magnets & posters.

Hours: Wednesday-Friday from 2-10 p.m.
Saturday from 10 am-10 p.m.
Sunday from 10 am to 6 p.m.

For more information on the Wetlands Program at the Home Show, please contact Susan Ely at 401-222-4700 Ext. 7205. Hope to see you there.
